MISSION

Each SOCCER TRAINR under our program is trained and coached in a certain way for the maximization of our players and their time with us! We strive to look at every player the same, regardless of talent, ability, gender, age or disability. No matter if a player is the best or not in their group or class, what matters is their focus on building their own abilities by focusing on the SOCCER TRAINR's information detailing how to make their game better.

This being a special experience as GA Cup2026 tournament takes place, we will have a local field and arena nearby for training since IMG's fields are out of use for that tournament time. We will travel to IMG Academy as a group and meet at specific designated fields for experiences every day. SOCCER TRAINR is a proud sponsor of Inter Miami and will have exclusive opportunities for our players to get up close with some of the coaches and directors along with many more experiences from other teams

EVERY MORNING TRAINING SESSION:

- Intro to SOCCER TRAINR
- 90 minute sessions
- Each session will have stations. Each station will have a specific purpose explained
